Partial Response and Conference Request for
Voluminous and Unduly Burdensome Records Request

REQUEST FOR PUBLIC RECORDS

Date	November 4, 2022
Requestor	Anonymous Requester via MuckRock News Email: 134656-2170642@requests.muckrock.com
FOIA #	22-803

Dear Anonymous Requester:

I am the Freedom of Information Act Officer for the City of Berwyn. We received your Freedom of Information Act (FOIA) records request through Muck Rock on October 5, 2022. I am sending you a partial response to your six categories of records requested. I have determined that your #5 category is voluminous and unduly burdensome. I would like to confer with you about #5 to see if we can agree on narrowing this category to a reasonable proportion. Please see my explanation below concerning this determination and the deadline to contact me.

I classified Muck Rock as a commercial requester and not a news organization. Therefore, the City of Berwyn responds to all Freedom of Information Act records requests sent via Muck Rock within 21 business days. This determination to classify MuckRock News as a Commercial Requester is based upon the fact that MuckRock News provides anonymous email addresses to people in consideration for allowing it to use stories, information, or other content derived from the anonymous Freedom of Information Act records requests submitted to public bodies throughout the nation. The use of this content is valuable to MuckRock News because it does not need to employ its own reporters or investigators to generate content for its blog. You allow the use of your developed content in consideration of their assigning you an anonymous email address to hide your identity for use when submitting FOIA requests.

Your anonymous FOIA records request asked for a list of records pertaining to the City of Berwyn Police Department purchase and repair of police vehicles for a twenty-one month period between January 1, 2021 and October 4, 2022. You did not state a public purpose underlying your request for these records. We sent your FOIA records request to the police department for review and response. Be advised that some of the records you have requested may be found on-line using the City of Berwyn website at www.berwyn-il.gov. Please see the City of Berwyn's response below for each of the six categories of records you have requested:

1. **Current financial budget for expenditures toward BPD vehicle purchases and repairs**: Please see the City of Berwyn website. Specifically, City of Berwyn budgets are currently posted to the City Clerk's Page. Our website is being updated and those records will soon be found on the Finance Department's page on the website for the time periods you have identified. Records maintained on line do not have to be provided under the FOIA act. See 5 ILCS 140 8.5. Please view the 2021 and 2022 City of Berwyn Budgets at www.berwyn-il.gov.

2. **Policies and Procedures to have vehicles purchased**: There are no written policies and procedures for the purchase of vehicles other than the City Council rule that all purchases over $10,000 must be authorized by the Berwyn City Council. Please see Berwyn City Ordinance Title Six – Administration, Chapter 228.05 Contracts and Purchases. Here is a link to that section of the code: https://codelibrary.amlegal.com/codes/berwyn/latest/berwyn_il/0-0-0-27959. The Code of Ordinances may also be accessed through the City of Berwyn website.

3. **Policy and Procedures for vehicle maintenance and repairs**: The City of Berwyn has no records responsive to this request.

4. **Any vehicle purchases made between January 1, 2021 and October 4, 2022 including the make, year, and model of the vehicle:** As explained above, any purchases over $10,000 must be approved by the Berwyn City Council. I am providing you PDF copies of purchase requests approved by the Berwyn City Council during the 21 month period you have requested. You may view the Minutes and Agendas of the Berwyn City Council on the city's website here: https://www.berwyn-il.gov/government/council-agendas-minutes/-folder-78. Click on "Full Packet" to view the full communication submitted to the City Council. For your convenience, I am including with this letter copies of six council communications that Police Chief Cimaglia placed on the agenda pertaining to police vehicle purchases and repairs. These communications were the only ones on our agendas for the time period you specified.

There is difficulty in providing records to your request in part #4. Some of the vehicle orders placed were not filled by the dealer for various reasons. Other dealers were located. Some of the authorized purchases have yet to be filled due to national supply-chain delays. I am providing you a copy of a Finance Department Accounts Payable Invoice Report showing the actual payments for vehicles from January 1, 2021 through October 4, 2022.

5. **Any Vehicle repair invoices for January 1, 2021 through October 4, 2022**: Police Commander Michael Ochsner advises that records responsive for this request may exceed more than 1,000 pages. Therefore, this part of your request is voluminous as defined by the FOIA act at 5 ILCS 140 2(h). Commander Ochsner believes that it would take the Berwyn Police Department Records Division a significant amount of time to identify, locate, review and copy the invoices for all repairs made to police vehicles. Under your request, repairs could include a simple water pump replacement to a full engine replacement. The number of vehicles assigned to the police department and the number of "repairs" to them in 21 months of 24/7 operation make the process of answering this part of your records request unduly burdensome as defined in 5 ILCS 140 3(g).

The Records Division has a small staff. I anticipate that it would take the staff, as well as our Finance Department, more than 80 employee hours to complete this part of your records request. The City of Berwyn receives more than 1,000 Freedom of Information Act records requests per year. The majority of the requests are for police records. Devoting 80 employee hours to comply with your records request would jeopardize the ability to respond to others. For these reasons, I would like to speak with you to see if you could reduce your request to more manageable proportions. Please see Public Access Opinion 16-008 for an explanation of Unduly Burdensome. This binding opinion may be found on the Illinois Attorney General's website.

I invite you to call me to discuss how we could reduce this category of your 6-part FOIA to a more manageable proportion. I may be reached at 708-749-6451 Monday through Friday. I look forward to discussing how to narrow your request so that we might be able to provide you with some helpful records. There is a time limit to begin this process. **You have ten (10) business days from the date of this notice to contact me for this conference. Our offices are closed on November 11, 2022 to observe Veteran's Day. The deadline to confer ends on November 22, 2022.**

6. **Any vehicle repair logs for January 1, 2021 through October 4, 2022**: The City of Berwyn has no records responsive to this request.

To the extent that declaring your FOIA records request voluminous and unduly burdensome acts as a denial of your request, please know that you may request a review of this determination of unduly burdensome by the Illinois Attorney General's Office of the Public Access Counselor. Please send this determination letter (either by email, U.S mail, or fax) along with a copy of your September 1, 2022 request email to:

Public Access Counselor, Office of the Attorney General
500 S 2nd Street, Springfield, IL 62706.
Via fax at 217-782-1396 or e-mail to publicaccess@atg.state.il.us.

You also have the right to seek judicial review of this denial by filing a lawsuit in Cook County Circuit Court.

I look forward to speaking with you. Please contact me on or before November 14, 2022

Sincerely,

Margaret Paul

Dear Mayor and Elected Officials,

This is a formal communication requesting the authorization to purchase an enclosed cargo style trailer to be used within the Evidence Section of the Berwyn Police Department.

The Berwyn Police Department currently has one marked Police vehicle that is utilized as a, Evidence Technician/Processing and Collection vehicle. The enclosed cardo trailer will be a supplemental vehicle that will be used to hold and store larger equipment that is not needed on all crime scenes. The current vehicle will continue to be used for daily routine crime scene processing and the cargo trailer will be used on major crimes scenes with larger and multiple crime scenes.

Due to the cost of this purchase I have asked Commander Fellows to obtain three separate quotes. All three quotes are for similar trailers which are all enclosed and are all 6' X 12'.

The first quote is from A & W Trailer, in Darien Illinois for a total of $3,299.00.

The second quote was from Funks Trailer Sales in Morris, Illinois for a total cost of $4,950.00.

The third and final quote was from Advantage Trailer in Carol Stream, Illinois for a total cost of $3,795.00.

I am requesting to purchase the trailer from A $ W Trailer in Darien, Illinois which is the lowest quote that Commander Fellows received. I have attached copies of the quotes that were received and the recommendation from Commander Fellows.

If you have any questions please feel free to contact me.

Re: Emergency Authorization for Purchase

On July 6, 2021 the police department put forth a request for the purchase of 5 police vehicles under the Northwest Municipal Conference purchasing cooperative through Currie Motors of Frankfort. The Council reviewed and approved the request resulting in the issuance of a purchase order for vehicles to include a replacement Ford prisoner transport specialty vehicle.

In March of 2022, Ford halted the acceptance of any future orders citing ongoing supply issues, rising material costs, covid 19, a global semi-conductor shortage, and other logistical problems associate with the conflict in Ukraine.

This week, the Berwyn Police Department received notification of cancellation of all back orders including the July 2021 Berwyn Police order of the Ford prisoner vehicle. Currie Motors is indicting that the manufacturer is not producing enough vehicles to meet the demand and there is a nationwide shortage that will likely persist for the next few years.

As a result, the Berwyn Police Department conducted an exhaustive search for a replacement and learned that only a few suitable vehicles are available in the entire region. Those that are available are subject to market demand and are priced well above the MSRP. However, the additional costs for market purchase are would be considerably less than maintenance of the current vehicle which has exceeded its life span.

The police department has located a single suitable vehicle at Hawk Ford of Oak Lawn. The purchase price of this vehicle is $56,839.24 which is approximately $20,000 more than the 2021 Ford approved in 2021. Ford closed all new orders for an additional 40 weeks so there is no possible way to obtain a competitive bid for replacement. If we do not purchase this vehicle, we will not have a replacement for likely 3-5 more years.

The vehicle will not remain available for an extended period of time and it is the least expensive option. Comparable vehicles are priced at more than $70,000 and have the same limited availability. Therefore, I am respectfully requesting to waive the bidding process and make an emergency purchase of a 2022 Ford Transit from Hawk Ford in the amount of $56,839.24.

Respectfully,

Michael D. Cimaglia
Chief of Police
